

12 March 2012

**Nevamar by Panolam To Exhibit
Full Complement of Products at Ecobuild 2012**

Nevamar by Panolam's HPL surfacing solutions provide the 'vision, value and versatility' that designers, manufacturers and contractors look for

BIRMINGHAM, U.K. (date) – Nevamar® by Panolam will exhibit its full complement of products at the 2012 Ecobuild exhibition and conference in London, March 22-26.

Ecobuild is the world's largest event for sustainable design, construction and the built environment, as well as the UK's largest construction event of any kind. The full line of products by Nevamar by Panolam will be on display at the ExCeL Exhibition and Conference Centre, #S950.

Nevamar by Panolam's complete range of products include High Pressure Laminates, ThickLam laminates, Fiber Reinforced Laminate (FRL®) products, Fiberglass Reinforced Plastic products, MelCor II® colour-through laminates, and Leatherlam™ thermally fused leather surfaces.

Nevamar products feature the unique, patented Armored Protection® technology that stands up to abuse more than other laminate products. The collection also features 170 standard colours including solids, abstracts and wood grains, plus special-order colours.

All Nevamar by Panolam products are GREENGUARD certified and can also be ordered as FSC certified.

About Nevamar by Panolam

Nevamar by Panolam is a division of Panolam Industries (<http://www.panolam.com>), which has engineered and manufactured high-quality, innovative surfacing solutions for virtually any environment for more than 60 years. With an extensive line of High Pressure Laminates, Thermofused Melamine and specialty products available in hundreds of colours and styles, Panolam Industries provides the vision, value and versatility that designers, architects, manufacturers and contractors are looking for.
